

Bucket Bag Filler

Problem – Potting up large trees into bags or large pots?

- Using shovels damages plants during the potting-up process.
- Tiring and a tedious process, which requires heavy lifting.
- It has the potential to cause back injury to staff, which can lead to workers compensation

Solution – Bucket Bag Filler

- Improve potting & bagging efficiency
- Trials have proved very successful
- Fill 100 bags per day (previously 60)
- Staff work safely & are happier
