

# ChemCert Accreditation

Industry's Choice for Chemical Accreditation

ChemCert Training Group is a Registered Training Organisation (RTO Code 90855) providing specialised chemical training for AgVet chemicals users.

## AQF III Course

### When:

Friday 7th June 2019  
8:30am to 4:30pm

### Venue:

NGINA, Suites 3-5,  
First Floor  
4 Nelson Street  
Kenthurst NSW 2156

### Cost Accreditation:

NGINA Members: \$320  
Non Members: \$350

### Cost Re-Accreditation:

NGINA Members: \$250  
Non Members: \$275

**RSVP:** Wednesday 29th  
May 2019

AQF3 Chemical Accreditation course (also known as *Chemical Handling Certificate* or "Chemical ticket") focuses on upskilling chemical users on the industry's best practice methods and national standards. Participants are provided with practical advice covering industry's updates, local resistance and spraying issues to minimise chemical costs, limit spray drift and improve spraying outcomes.

The ChemCert AQF3 Accreditation includes the two units *AHCCHM303 Prepare and Apply Chemicals* and *AHCCHM304 Transport and Store Chemicals*. It is nationally recognised for five years and enables the holder to legally use restricted chemicals unsupervised.

The aim of this course is to raise awareness of the potential hazards and risks associated with pesticide use and to provide practical information with regards to safe chemical handling and application. In addition this course introduces pesticide users to the principles of calibration. Participants will be expected to calibrate a piece of hand held equipment such as a knapsack, drench gun or injectable.

### Topics covered include:

- Safe Transport & Storage
- Determining weather conditions suitable for spraying
- Understanding chemical application issues
- Equipment calibration techniques
- Knowledge to limit spray drift
- Managing chemical residues
- Risk assessments and hazard control forms
- Self audit & compliance checklists
- Integrated Pest Management
- Record keeping requirements

**Meet Your Trainer** • Frank Dempsey is ChemCert's turf and horticulture specialist with forty years of experience in green keeping, horticulture and Head Teacher of Turf Management at TAFE. Frank is qualified to assess ChemCert Courses.

**NGINA MEMBERS CAN APPLY THEIR MEMBERS CREDIT FOR TRAINING**

Students participating in Nationally Recognised Training in Australia must have a Unique Student Identifier (USI) number. Students who don't provide their USI to ChemCert Training Group will not receive a qualification or statement of attainment until they provide one. Head to [www.usi.gov.au](http://www.usi.gov.au) to create your USI. Provide it to ChemCert Training Group on the enrolment form on the day of the course.

To confirm your place either book online at [www.ngina.com.au](http://www.ngina.com.au) or complete this form and send to E. [info@ngina.com.au](mailto:info@ngina.com.au) or PO Box 345 Kenthurst NSW 2156.
